## Publications and conferences

There were **nine presentations** based on **CRANE data** at the International Congress of Cleft Lip, Palate and Related Craniofacial Anomalies 2022, held in Edinburgh last month.

If you couldn't make it to Cleft 2022, you can catch up by taking a look at some of the **Twitter activity** around the event.

We have also had a **new article** published in *The Cleft Palate-Craniofacial Journal* on the impact of patient-related factors on speech outcomes at 5 years of age in children with a cleft palate.

You can explore all publications and conference activity from CRANE [here](#).

## 'Making it Better' events

Thank you to everyone who attended our 'Making it Better' online learning events in **February** and **May**. We were delighted to welcome representatives from all cleft services.

The next event will take place on **30 January 2023**, reflecting on the findings of the Annual Report due to be published in December 2022.

Please email us at [crane@rseng.ac.uk](mailto:crane@rseng.ac.uk) to express your interest and register for the session.

## Explore our resources

The CRANE website features a range of **guides and video demonstrations** to support you when checking and entering data.

If there are any other topics you would like us to cover, please email us at [crane@rseng.ac.uk](mailto:crane@rseng.ac.uk).

## ★ Data submission deadline ★

The deadline for submitting data for Q2 2022/23 is **Friday 25 November**. Find out more [here](#).

## On behalf of the CRANE Team
