## Registering children with a Tessier cleft

In response to a number of queries about how to manage the registration of patient’s born with Macrostomia and/ or a Tessier facial cleft, we have updated FAQ #14 on our [FAQs for professionals webpage](#).

The FAQs also contain further information on which children should be included/excluded from the CRANE Database.

## KEY DATES IN 2024

**15 May:** Preliminary Audit Report meeting\*

**24 May:** CRANE Database Q&A session\*

**14 June:** Data entry deadline for Q4 Dashboard

**30 June:** Data entry deadline for Annual Report

\*Outlook invitations sent to members of cleft services

Key milestone information can be found [here](#)

## CRANE 2024 Annual Report: Important information reflected in Live Tables behind the log-in

For the 2024 Annual Report, cleft services will need to provide data on

- 5-year outcomes for births in 2015-17
- Registrations of births in 2021-23

You can find out more on our [website](#).

In line with this, the “Live Tables” behind the log-in to the CRANE Database entry system have been updated to show up-to-date figures for:

- 5-year outcomes for births in 2015-17
- Consent for births in 2015-17
- Consent for recent registration i.e. births in 2021-23

Log in via the white “CRANE Data Entry System” button at the top of our [website](#) to check your cleft service’s data.
